SUBJECT INDEX

Adaptation, to breast cancer, 53
Adjuvant therapy, for menopausal symptoms in midlife women with breast cancer, 201
Adolescents
  breast self-exams by, 315
  cancer information and social support needs of, 61
  end-of-life decision making by, 122
    continuing education test on, 135
Advanced cancer
  home caregivers for, 300
  life-extending therapies with, 430
  pain patterns in, 294
Advanced practice, hospice nursing, knowledge and skill base for, 20
Affirming relationship, in patients hospitalized for bone marrow transplantation, 308
African Americans
  actual and perceived knowledge of prostate cancer among, 165
  breast cancer in, 35
    continuing education test for, 43
Age, in psychosocial stages and quality of life with breast cancer, 272
Aneuploidy, genes and, 357
Angiogenesis, in cancer genetics, 446
Anxiety
  in advanced cancer, 300
  in head and neck cancer surgery patients, 143
  within patients receiving radiotherapy for head and neck cancer, 255
Attitudes
  safe behavior with cytotoxic drugs and, 192
  toward complementary therapies in Finnish breast and prostate cancer patients, 328
Australia
  adult cancer nursing research in, 88
  home caregivers for advanced cancer in, 300

Between-methods triangulation, in cancer nursing research, 104
Bioinformatics, systems of, 287
Bone marrow transplantation, hope in patients hospitalized for, 308
Breast cancer
  advanced, caregivers' description of, 28
  in African American women, 35
    continuing education test for, 43
  aftermath of, 278
  attitudes toward complementary therapies for, 328
  behavior questionnaire on, Spanish version of, 320
  between-methods triangulation in research on, 104
  breast self-exams for, 315
  continuing education test on, 210
  conventional or adhesive external prostheses for, 227
  coping with radiation therapy for, 264
  distance education program for, 44
  menopausal symptoms in midlife women with, 201
  newly diagnosed, existential issues of, 220
  pain management strategies for postoperative pain with, 378
  partner understanding of experience of, 231
  perceived quality of life and coping for Swedish women with, 395
  physical activity and, 371
  psychosocial stages and quality of life with, 272
  relationship issues with, 53
  in younger survivors, perceived social support, uncertainty, and quality of life of, 212
Breast cancer screening, Breast Health Behavior Questionnaire for, 320
Breast Health Behavior Questionnaire, Spanish language version of, 320
Breast prostheses, conventional or adhesive external, 227
Breast self-examination
  Internet program for, 156
  by teenagers, 315

Cancer care, patient participation in, 172
Cancer genetics, fundamentals of, 446
Cancer pain
  pain management strategies in breast and gynecologic cancer patients for, 378
  patient education on, 424
  patterns of in home hospice patients, 294
Cancer screening services, utilization of by African Americans, 165
Cancer survivors
  quality of life for, 1
  younger, perceived social support, uncertainty, and quality of life of, 212
Carcinogenesis, models of, 446
Caregivers
  for advanced cancer, 300
  concerns of for advanced cancer patients, 430
  descriptions of advanced breast cancer patients by, 28
  insights of on dying trajectory in hematology oncology, 413
Chaplains, primary oncology nursing research on, 335
Chemotherapy
  oral toxicity of, 241
  satisfaction with information and quality of life with, 351
  sexual self and with breast cancer, 278
Childhood cancer, information and social support needs in, 61
Childhood death, nursing care for, 402
Children
  development of with cancer, 61
  terminal care for, 402
Chinese culture, care for dying and, 112
Chinese women
  pap smear examination of, 68
